

ASTROLOGY 101-102

- Make your first steps in understanding the basic components of the chart: Signs, Planets, Houses, and the basic Aspects.
- Learn to find the person in the chart, and see her/his whole environment.
- Learn to identify basic relationship with other people - friends, lovers, family, higher-ups or co-workers.
- See how work, home life, health, property, personality, education, spiritual & intellectual pursuits are indicated in the chart.
- Learn to identify the areas of strength or challenges, goals and inspiration.

ASTROLOGY 103

- Understanding Transits and Progressions. Learning how to see what is triggering off your natal tendencies with the regular astrology natal chart.
- Learn the basics of the 90 degree dial techniques using just the basic ten planets to start with.
- Learning to use Solar Arc techniques with the 90 degree dial.

ASTROLOGY 104: URANIAN ASTROLOGY

- Adding the TransNeptunians to our 90 Degree Dial work.
- Learning about planetary pictures for timing events and tendencies.

ASTROLOGY 105: ADDING ALL THE ASTEROIDS

- Here we will learn to add the asteroids to our delineation skills.
- The asteroids are little things, and little things are important.
- The detail we get from this method will take the guess work out of delineation of a chart.
